MADE SIMPLE.®

www.evbc.com

Our commitment to excellence is illustrated by our stringent testing of all mission critical equipment in the Center.

Testing includes:

Generator:

- **Monthly Inspections by Beckwith Power Systems**

Sonet:

- **24 hr per day ping tested**

Fuel Tanks & Pumps:

- **Regular preventative maintenance inspections performed by our in-house technicians**

Fire Systems:

- **Inspected annually by City fire marshal and our fire suppression contractor**

Elevators:

- **Elevator maintenance contract. Annual State inspections.**

Electric Provided to Center by DQE:

- **Power fed from two separate transformers**

Electrical Testing by Siemens

Reporting of Test Results:

All relevant test results from building critical systems are reported to the clients who depend on our Center's performance
